

# FOCUS ON COMMUNICATION TECHNIQUES

A central illustration of a young girl with long brown hair, wearing a blue school uniform with a red bow, is shown from the chest up, holding an open book. She is surrounded by several callout boxes containing text. The background is a warm orange-yellow gradient with stylized white birds and papers floating around. The bottom of the image transitions into a blue sky with clouds.

## **Program Features:**

### **Spoken English & Communication Techniques:**

o Intense Grammar: In depth knowledge of varied modules in Grammar with extensive practice as essential knowledge on the below given modules is the base for a correct language use.

#### **Topics covered:**

Parts of speech/SVA/Tense forms/Direct & Indirect Speech/Active & Passive Voice/ Comprehension skills/ Precis writing/Vocabulary enrichment/Literary forms & Usage

### **Interpersonal Skills:**

Life skills sessions are tailored to each child's unique needs, personality, and developmental stage focussing on fostering skills that build self-esteem and personal responsibility.

- o Emotional Regulation – Helping children understand and manage their emotions.
- o Social Skills – Enhancing communication, empathy, and conflict resolution.
- o Time Management & Organization – Teaching children how to prioritize tasks and stay organized.
- o Decision Making & Problem-Solving – Empowering kids to make good decisions and think critically.
- o Goal Setting – Helping children set, pursue, and achieve realistic personal goals.

## **Engaging & Interactive Techniques:**

Creative methods such as games, role-plays, and hands-on activities are used to keep children engaged. Our approach ensures that life skills are learnt in a fun and meaningful way. Children enjoy learning while developing confidence and resilience.

## **Building Emotional Intelligence:**

Emotional intelligence is key to developing empathy, self-awareness, and relationship-building skills. Through coaching, children gain the tools to understand their feelings, identify others' emotions, and respond appropriately in various social situations.

## **Parental Involvement:**

Parents will be actively involved in the coaching process. Regular updates, feedback, and strategies are shared with parents to reinforce the skills learnt during coaching at home. This creates a consistent support system for the child.

## **Positive Reinforcement:**

Every child progresses at their own pace, and we celebrate milestones along the way. Positive reinforcement boosts motivation and helps children internalize the skills they are developing.
